

The **Illinois Municipal Treasurers Association** was established to promote the general and professional interests of the municipal treasurers in their respective communities, to obtain a higher standard of efficiency, to improve service with allied institutions and to inspire friendly and fraternal relationships amongst its members. Today **IMTA** has over 300 members representing communities from all over the state of Illinois.

### ***Treasurers Institute***

In 1983, in direct support of the certification program, IMTA established the **Municipal Treasurers Institute**. The Institute is designed to fulfill the educational requirements necessary for professional designation of certification at the state and national level. The Treasurers Institute is an intensive four-day residential program consisting of 33-1/3 hours of classroom instruction each year for a three year period. The Institute is coordinated and staffed by Eastern Illinois University.

### ***Continuing Education:***

IMTA's seminars and conferences are designed to assist the Municipal Treasurer with a means to keep abreast of changes affecting their important and increasingly difficult role in municipal government.

## GENERAL MEMBERSHIP

Since its inception in 1973, the IMTA has strived to offer communities the benefits of professionalism while at the same time recognize the uniqueness of each community. IMTA welcomes you to join its growing ranks. Annual membership dues are based on population. See reverse side.

Individuals representing Institutions whose operation is closely allied with or related to the functions of a Municipal Treasurer's office are eligible for Associate Membership in the Association. Associate memberships are issued to individual persons, and are subject to annual dues of \$350.
